COMMENTS FROM THE TOWN MANAGER'S OFFICE

The following appointments were made at the regular weekly meeting of the Board of Selectmen: Sealer of Weights & Measures, Elmer E. Bennett; Constables, Rodrick McMillin, Loton Hutchinson, Albert Cotton, Alphonse Baker, and Harold L. Bean; Surveyors of Wood and Lumber, Leslie Davis, and Hugh Thurston; Fence Viewers, John H. Carter, Leslie Davis and Hugh Thurston; Zoning Board of Appeals, Clarence Rolfe for 3 year term, and Charles Heywood for 2 year term to replace Edmond Vachon who recently resigned; Dog Officer, Alphonse Baker.

The revised statutes permit towns to post roads against excessive loads during the spring when the frost is leaving the ground. The selectmen have approved posting such roads as deemed advisable for their protection to heavy loads. Last year several roads were posted on March 14th. A few warm days will require signs to be placed in conspicuous locations at the entrance of roads to be posted. Local mills will be notified as to when and what roads are posted. This was done last year and excellent cooperation was received.

It is interesting to note that the total snow removal expenditures for January and February 1959 was \$3,464.55 less than the same period a year ago. Although ice was a problem through January, we did not have near the snow in these months as compared to a year ago which contributed to the reduction in expenses.

Sincerely,
Harold L. Bean

HESTER KIMBALL SANBORN

The life work of a serene and self-effacing woman is finished. Failing health narrowed her physical activities but her loyalties and convictions were keen.

Friede in her daughters, interest in their homes, their work and accomplishments kept her heart and spirit young. Her son-in-laws enjoyed and returned her affection and friendship. Her grandsons were her comfort and delight and they gave her tender attention and love.

Hester never missed a Gould Academy graduation or reunion when her health permitted attendance. Her religion and church were never pushed into the background of her daily life.

She was a good neighbor and a Christian woman with old fashioned and lovable standards. She believed in the Golden Rule. Let this be not a day of sorrow but an hour of hope.

We have memories of love and of service.

Though no longer her life current flows

Her goodness lives on with the living.

Like the soul of a star or a rose.

Mrs. Sanborn died Friday at the home of her daughter, Mrs. Donald W. Calderwood, Portland, after a five-day illness. She was the widow of G. Norman Sanborn.

Mrs. Sanborn was born Oct. 7, 1884, at East Bethel, the daughter of C. Mellen and Mary Bartlett Kimball. She was graduated from Gould Academy and taught school prior to her marriage. Since the death of her husband 10 years ago she has lived with her daughters.

Also surviving are two other daughters, Mrs. Hazel Maxson, of Oak, N. Y., and Mrs. Page Taylor, Bethel; two sisters, Mrs. Lilian K. Clark, Prospect Park, Pa., and Mrs. Rose Frost, Kingfield, and two grandchildren.

Funeral services were held Sunday afternoon at the Greenleaf Funeral home, Bethel. Interment will be in East Bethel Cemetery.

SUNDAY RIVER SKIWAY PROGRESS

One of the first groups to ski on the open slope which was cut last fall, eight Gould Academy students last Saturday were towed in to the area behind a Snowcat. Ideal weather and snow conditions provided photographs which will soon be used to publicize the area. Those participating were impressed by the unusual snow depth and the excellent skiing terrain which were found.

Surveys of the area by Snow Engineering will be completed this week. These will be used to prepare specifications for lift contracts and bids.

The directors on Monday evening voted approval of a plan to offer extended passes to family groups. It is hoped that this will do much to stimulate family skiing in the new area.

TWO DAY STORM

Perhaps the worst storm of the winter was that of last Thursday and Friday, which included a snowfall of 12 to 16 inches followed by winds. Nearly all roads were kept passable and local schools were in session Friday although in other areas schools were closed. Since then bright days have settled the snow although at times cool winds have followed the March pattern.

So far this month only two or three mornings have been near zero. The past month featured snowfall on six or seven days before last week's two day event so snow removal has been quite a steady process. High snowbanks at driveways and junctions have created hazards and contributed toward collisions.

School Committee Votes to Close East and South Bethel Schools 1959-60

At a meeting of the Bethel School Committee on Monday, March 16, it was voted to suspend the operation of the South and East Bethel Primary Schools for the school year of 1959-60. Pupils presently going to these schools will be conveyed to Bethel Village. Any sub-primary pupils in these areas will be conveyed home at noon.

In 1950 and again three years later survey committees recommended that either the rural schools be discontinued or be put into the same condition of comfort and sanitation as the village buildings. Since that time, except for occasional discussion of the cost of such improvements and the desirability of closing one or more of the rural schools, no definite action has been taken.

Earlier this year the school committee decided it would be feasible to maintain the West Bethel School for many years to come. It is a growing community with active industries. School population is fairly stable and most of the pupils live within walking distance of the school. Therefore, it was decided to recommend raising enough money to install central heat and plumbing in this building. At the annual meeting this money was raised and the improvements will be made this summer.

Having made these decisions the committee was faced with the same decisions regarding the other rural schools. Should it, next year, recommend raising similar amounts to modernize the two remaining schools, or should it have them closed? The unanimous decision was to suspend their operation for the school year 1959-60 and to recommend that action be taken at the 1960 annual meeting to close them.

The need for a large amount of money to modernize the buildings, the fact that the enrollment is small and getting smaller at the other two schools, that by closing both schools it would not be necessary to employ an additional teacher for group work as had been planned, the renovating of basement rooms at the Village Primary School to give more space; these were the major factors prompting the committee's decision. Also, an operational saving of between \$2,000 and \$3,000 should be realized for the next school year.

The Bethel School Committee in taking this action is following a normal procedure for closing schools. A school committee may suspend the operation of a school for one year only (except that it have less than eight pupils). Following such suspension the town will vote at its next annual meeting upon closing the school.

PLAN PANEL DISCUSSION AT LIONS CLUB MEETING -- C. OF C. MEMBERS INVITED

The regular Monday night meeting of the Bethel Lions Club will feature a panel discussion by four members of the Maine Legislature. Taking part will be Representative Addison Saunders, Senator Murray Thurston, the chairman of the appropriations committee, and the chairman of the education committee. Following the discussion the panel will answer any questions from the audience. Members of the Bethel Chamber of Commerce are cordially invited to attend this meeting.

ter that, upon recommendation of the school committee, the school may be reopened or again closed, only by a vote of the town.

The foregoing statement by Supt. Donald Christie explains the position of the school department. Following is a statement over the signature of an East Bethel mother which indicates the attitude of her section of the town.

We have received word that the school board who have just been elected two weeks have voted to close our school. We feel in two weeks they have not had ample opportunity to study the pros and cons to the best interest of all the children both village as well as ours. All we hear is the overcrowded conditions at the village schools and in what way is this bettering the condition? Down here we have a nice uncrowded school with a nice uncrowded playground. We don't want our children "crowded in" to the Bethel Primary School or believe the townspeople want their children crowded. We do not believe a committee elected by the people should disregard the wishes of the greater part of the community.

We were staunchly behind West Bethel when they protested about the conditions and needs at their school but we are a smaller community and our school doesn't need such extensive improvements. All we would ask for is a new oil heater and a new outside door.

Our school is the only benefit we get from all the many thousands of dollars in taxes from East Bethel. We have no decent roads and no fire protection.

A school board that hasn't even been in a community, namely East Bethel, has certainly no way of knowing anything about the school and the feelings of the parents about the school.

We would like to point out that some children would have to travel over an hour one way to school. In this the best interest of the child? They have to leave home before dawn and don't get home until about half past four.

We don't see too much to ask the school board to reconsider their decision and they have found out more about the disadvantages and disadvantages? I don't believe in two weeks they could have given as much attention as a step to this would need.

I hope you people in town will take against any more crowding of your children than there is now. After all it's the child who should be considered and we don't believe in the best interest of our children to take them to Bethel. We have a fine teacher here and our children get individual attention they wouldn't have if they went to Bethel.

Blood Bank for

Stephens Memorial Hospital

In order that Stephens Memorial Hospital may have on hand a large list of persons whose blood has been typed and who can be called on in an emergency, the Auxiliary has undertaken the project of having such a list prepared. Persons between the ages of 18 and 55 years may be on the list, provided he has not had malaria, jaundice, or is otherwise in poor health. Women may be among those who volunteer. A drop of blood from the finger will be taken, typed, and indexed for use in accident or illness. If blood is needed for a patient, his family will be notified and if it is not possible to obtain the needed blood, then the Walking Blood Bank will be called into service. A patient is not required to pay for a blood donation; he is required to pay a fee for the transfusion procedure. Although many persons including veterans have had blood typed within a few years, and carry with them a blood-type card, the Hospital would again type the person volunteering.

Mrs. Rupert Farnum entertained the Universalist Ladies' Circle at her home Wednesday afternoon, with 11 members present. A donation was voted to the Red Cross drive. The mystery package was won by Mrs. Harold Tyler. Mrs. Norron Westcott resigned as President, and Mrs. Harold Tyler, Vice President, was chosen President, and Mrs. Rupert Farnum, Vice President.

Week end guests of Mr. and Mrs. James Billings were her sister and husband, Mr. and Mrs. Ellsworth MacDonald Yarmouth. Her parents, Mr. and Mrs. Oscar Twitchell were also dinner guests.

Mrs. Avis Herrick, Prin. Waldron Fernald, Mrs. Elsie Cole, and Miss Elaine Barker, from the Central School, attended the WPHI Teacher's Club meeting Monday night at South Paris.

Mrs. James Billings, Mrs. Harold Dunham, Mrs. LaForest Twitchell and Mrs. George Wheeler attended the meeting of the Stephens Memorial Hospital Auxiliary at Norway, Monday night.

CONSERVATION DISTRICT ELECTS OFFICERS— FORMS LOGGING COMPANY

At the regular monthly meeting of the Oxford County Soil Conservation District, held March 10 at the District Office, Masonic Building, South Paris, the following officers were elected: Chairman, W. Henry Allen, Hibernia; Vice Chairman, Norman Gray, Fryeburg; Secretary, Robert Hastings, East Bethel; Treasurer, Howard Sturtevant, South Paris. The fifth regular member of the Board of Supervisors of the district is Edmund C. Smith, West Bethel.

The aim and purpose of the Oxford County Soil Conservation District is the conservation of the natural resources of the county—Foli, Water, Woodland and Wildlife.

Since woodland operations play such an important part in the economy of Oxford County, the District Supervisors are very interested in woodland conservation. The supervisors have fostered and encouraged a crew to do selective cutting on several lots in the county. The woodland crew has been so well received that it is now worthwhile to set up the former crew as a going company. The Oxford Logging Company. The company will have the moral support of the District. The new company consists of Perry Chapman, Jr., Norway; Walter Palkkinnen, Paris Hill; and Vilas Palkkinnen, West

Robert D. Hastings, of East Bethel, Secretary of the Oxford County Soil Conservation District.

Paris. All were present at the meeting. Other guests were Maine Service Foresters, Wayne Jackson and Lester DeCoster.

The supervisors wish to point out an error in the financial statement which accompanied the annual report sent to each co-operator of the District for 1958. An item of \$14.02 was listed under the woodlot account as a loss. This should have been listed under accounts receivable.

TODAY'S Meditation

Thursday, March 19

Read Matthew 5:43-48. And he went a little farther, and fell on his face, and prayed. (Matthew 26:29).

LEVEN disciples went with Jesus in to the Garden of Gethsemane. He Himself "went a little farther" even than the point where he left Peter, James, and John. There He faced alone the last great test in tuning His will to the will of the almighty Father.

What if Jesus had not gone that little farther in obedience to His Father's will? What a difference in world history and salvation! Men of vision have ever sought to go a little farther in the progress of science and other fields of work. Yet how often we as Christians are content with our testimony that we are just about as good as the general run of Christians.

Jesus constantly insisted that a mere getting by, mere average goodness, is not enough. He held that the only goal worth striving for is a perfect tuning of our will to the will of God. Christ calls us to venture a little farther and yet a little farther into the plan of God for our lives and for His kingdom. "Ye therefore shall be perfect," He said, "as your heavenly Father is perfect."

PRAYER, Heavenly Father, help us to go forward in eagerness and faith to seek Thy will. Thus may we share the richness, both of revelation and experience, that comes to those who are willing to venture a little farther with Thee. In the Master's name. Amen.

Thought For The Day
Today I will go a little farther in striving to be obedient to the Father's will.
—Ruby I. Kingswood (Ontario)

MAN'S RECIPE

SUNNY ACRES

BRAN-RAISIN MUFFINS

This recipe takes a cup of water and started me thinking. Few of us appreciate that more than 70% of the Earth's surface is covered by water. All plant and animal life depends on the cell as a unit, and the protoplasm of most cells runs from 60 to 90 per cent water. Our bodies contain more than 75 per cent water.

Most substances contract when cooled, but as water freezes it expands. As I walk the fields, meadows and hillides these spring days, I enjoy watching and listening to the brooks. Many brooks are born in the highlands; small brooks tumble down the hillides, merge with meadow brooks and creeks, and flow onward to a distant sea.

One of the interesting points about water is that the moisture supply of Earth is constant. Huge amounts are transpired through leaves and grass; but somewhere rain is always falling. Certain areas may suffer droughts, but others get too much. Scientists say the amount of moisture on, in and around our planet is always constant.

Today's recipe is easy, and I like its cheesiness. Use one cup all bran cereal one cup water, one fourth cup shortening melted, one egg beaten, one cup flour, three teaspoons baking powder, one half teaspoon salt, one half cup sugar three fourths cup seedless raisins soaked and drained.

Mix the bran and water. Let stand 10 minutes. Add shortening and mix. Add egg and mix. Sift flour, baking powder, salt and sugar into bowl and mix all well. Add raisins. Mix and beat while you sing a couple stanzas of Just a Gong of Twilight.

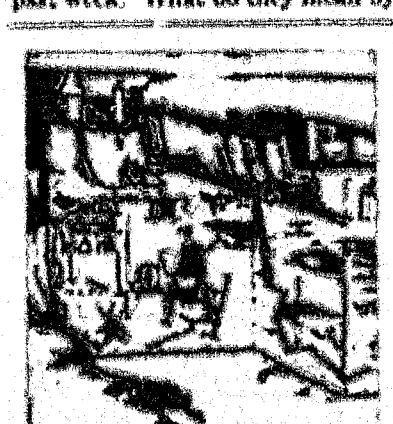

Fill greased muffin tins two thirds full. Bake at 425 for 25-27 minutes or until done.

OUR DAILY BREAD

"Give us this day our daily bread." Millions of people have repeated that prayer during the past week. What do they mean by

RURAL FALLOUT shelter, built of lumber and designed to protect six persons at a cost of about \$400, has been endorsed by leaders of the nation's largest farm organizations. It was designed by the Office of Civil and Defense Mobilization. Additional details are available from OCSM's Operational Headquarters, Battle Creek, Mich.

COUNTRY FLAVOR

MARCH

There is only one certain fact about the third month; it always gives us 31 days between February and April. The New England Farmer, March, 1862, sums it up succinctly. "Its character for fickleness has even been proverbial. March is a sort of battleground for the elements. Cold and heat, rain and snow, strive for the mastery. —now one and now the other obtaining temporary domination."

"One proverbial slander is the accusation of its affording six weeks sledding! And yet, after all has been said or may be said against this month, we would most heartily adopt the expression of a celebrated poet. 'Old March, with all thy faults, I love thee still!'

Man is not a patient being and probably some of his negative reactions to the winds and storms of the last month of winter are due to his eagerness for spring. There are days in March when the heart lifts to the wonder of awakening life. There are blue-sky days when the high-climbing sun sends warm rays, and one can almost feel Winter's taut chains relax. In the sugar groves, gray-blue smoke billows from weathered sapwood crouching among old, gaunt maples.

Water trickles down sled tracks from the woodlot and night-forms icicles drip from farm roofs. Each day the brown strips widen along the south side of the woodlot and pheasants poke among the grasses for seeds.

Each month of the turning year offers distinctive excitement. Each has its own rewards for him who avers Nature's offerings. The Indians called this the time of the Awakening Moon. This is the annual miracle—the great reaffirmation of faith and hope. Man does not know the secret of life but he can, if he will, live in a faith that gives meaning through his years.

Does it have real significance for their lives, or is it something they say without thinking? "I earn my daily bread," says one man. "Why should I pray that way?"

"What would happen," thinks another. "If I stopped working and prayed for my daily bread?"

It must be admitted that a person who is in the habit of taking his paycheck to the local supermarket, and purchasing from its shelves the family's food for the coming week, probably finds less meaning in this prayer than does the humble peasant of olden days, tilling his fields in partnership with God.

"Has the prayer 'Give us our daily bread' become meaningless. It isn't meaningless to a certain family I know. They spent five years in a concentration camp. Their two children could not remember a day when there was enough to eat. When they reached this country, and every day since, they have been praying, 'Give us this day our daily bread,' with a sense of thanksgiving that has meaning."

My friend, the former Iowa farmer, who saw his whole farm dry up and blow away during those ghastly "dust-bowl" days of the thirties and forties, knows what that prayer means.

A certain family I know, whose children went to the supermarket, and gazed their hungry faces against the glass to see the food

CHRISTIAN SCIENCE

The effectiveness of prayer in healing the sick will be stressed at Christian Science services Sunday in the Jackson-Serman entitled "Matter."

From the Gospel according to St. Mark will be read the healing by Christ Jesus of the young lad who had "a dumb spirit." The account ends with Jesus' comment to his disciples, "... This kind can come forth by nothing, but by prayer and fasting" (Mark 9:29).

"How Christian Science Heals": Radio, WOMAN, 9:30 a. m. Sunday. "God the Source of Strength and Health": Television—Channel 5. "Discovering the Power of Humanity": Channel 18. "Crippled Conditions Can Be Healed Through Prayer."

CORN

Anthony Norman, 18, of Waterville, is a firm believer in the importance to agriculture of the newest scientific discoveries and modern technology. He was named winner in the 4-H Boys' Agricultural program and was awarded the trip to the club congress by International Harvester.

A well-rounded program of dairy, forestry, poultry and tractor projects has reaped a flock of honors for Norman.

This year, he won top honors in Kennebec County for gardening, dairy judging and forestry. He also captured first prize in tractor driving.

In 1957, on state dairy winner, Norman won a bronze ribbon with his calf "Adara" at the Eastern States Exposition.

Norman has served as president of the Maple Lake Boys Club and the county 4-H group.

Girls' Home Ec Champion
Patricia Bailey, 12, also of Waterville, was her award in the 4-H Girls' Home Economics program. Her congress trio was provided by Montgomery Ward.

Norman became a worthwhile 4-H project when Miss Bailey saw the necessity of new and more clothes. A red and white striped dress with a red jacket and belt was one of her first creations. She has gone on to make many other attractive outfits.

Her demonstration, "How to Cut Children's Pants from their Fathers," won the district contest.

During the past two years, Miss Bailey has been the Kennebec County 4-H winner in 17 fairs and dress shows.

A freshman at Hiram College, she is also president of the Kennebec County 4-H Junior Leaders Association.

FLIZABARRA - ADAMS

In a very pretty wedding Saturday morning February 21, Miss Marion Joyce Adams, daughter of Mrs. Hetherton Adams of Thompsonville, Conn., and daughter of Mr. and Mrs. William Adams of North Miami Beach, Fla., became the bride of William Henry Flizabarra, son of Mr. and Mrs. Fernando Flizabarra of Lemp River, Conn. The bride was given in marriage by her father, Henry Adams, Jr. of East Hartford. The double ring ceremony was performed by Rev. Vernon Lundy in St. Peter's Church, Thompsonville.

The bride was charming in a white length gown of white satin, princess style, with short sleeves and buttons visible to front sweeping to a V neckline in the back. The skirt was fashioned in the new balloon silhouette and the only detail consisted of four beautifully turned satin bows nestled in two inverted pleats at the back of the skirt. Her shoulder length veil of tulle was caught to a white satin bow, matching those on the gown. She carried a cascade of white elephantias centered with a white orchid.

The custom of honor, and only attendant was Miss Nancy Adams, sister-in-law of the bride, who was groomed in deep turquoise satin with a matching head band.

Following the ceremony a reception was held at Schaub's in East Windsor.

Mrs. Adams, mother of the bride, wore a dress of dusty rose crepe fashioned after the Empire line with a bodice trimmed in fine tulle. Her accessories were of a deep rose and white and she wore a corsage of deep rose cymbidium orchids.

and short veil. She carried a cascading bouquet of salmon carnations.

Staph Capano of New Haven, a friend of the groom, was best man, and ushering were Fernando D. Flizabarra, brother of the groom, and John Paul Kane, cousin of the groom.

Following the ceremony a reception was held at Schaub's in East Windsor.

Mrs. Adams, mother of the bride, wore a dress of dusty rose crepe fashioned after the Empire line with a bodice trimmed in fine tulle. Her accessories were of a deep rose and white and she wore a corsage of deep rose cymbidium orchids.

Mrs. Flizabarra, mother of the groom, wore a dress of beige silk starting her hat was of a matching beige and her other accessories were deep chocolate brown. She wore a corsage of yellow cymbidium orchids.

For her wedding trip to an unannounced destination, the bride wore a beige suit with chocolate brown accessories and a white orchid corsage. Upon their return the couple's plan to make their home at 18 Pearl Street in Wilburton, Conn.

Mrs. Flizabarra is a graduate of Clark Academy and Farmington State Teachers College with a B. S. degree in education. She is now a Home Economics teacher at Wilburton High School in Wilburton, Conn.

Mr. Flizabarra graduated from the Deep River High School and the University of Connecticut, with a B. S. degree in business administration and is now associated with the New York Life Insurance Co., New York City.

Mother, Mrs. Annie Hastings at 3:15 P. M. We had a lunch of egg salad sandwiches and milk, then on to the business at hand. First the Pledge to the Flag, then we recited the laws of Oldia. We painted the small totem poles each of us are making, and then we all worked together on our large totem pole. We played a game, as all work and no play would make us very dull boys. Time is closing in on us, so we formed our closing circle, and were on our way. Many thanks to Mrs. Hastings for her patience with us. Keeper of the Buckskin, Paul Salway.

Brownie Troop 8 met Tuesday at the home of their leaders. After the business meeting we made paper bag puppets. Puppet shows, games, and refreshments were enjoyed. Hostesses for next week will be Cynthia Crockett and Sandra Herzing. Brownies are asked to bring photographs of themselves to the next meeting if they haven't already brought one.

Brownie Troop 3 met at their leader's home, Betty Robertson, March 17. We heard a story about Saint Patrick then we made an Irish doll. We were asked to bring pictures of flowers next week as we plan to learn about them. Refreshments were enjoyed, brought by Marjorie Harrington. Secretary, Marjorie Harrington.

The second grade Brownies met at the Primary school Tuesday afternoon. We were sorry that Nancy Bean and Cynthia Brooks were unable to be present. The girls made Irish girl paper bag puppets and heard an Irish folk tale. Cookies were furnished by Nancy Bean and Brenda Robertson.

Brownie Troop 2 met March 11 with six present. We had cookies and punch that Heidi brought. Our leaders elected new officers: President, Beth Bargett; Treasurer, Kathy Kittredge; Secretary, Wendy Wheeler; Refreshments committee, Eileen Saunders. We painted juice cans for pencil holders and molded clay faces and paper weights. Respectfully submitted, Wendy Wheeler.

MOTOR MAIDS

Car Costs A Factor At Tax Time

By Martha Johnson Dodge Safety Consultant

WHETHER we like it or not, the time for filing income tax returns is here again. Car owners should remember that certain auto expenses, as outlined here, are deductible.

BUSINESS USE. People who use their cars exclusively for work may deduct the full cost of upkeep, including gasoline, oil, repairs, garage rent, insurance and depreciation.

But if a car is used for both work and pleasure, only the percentage of business use may be claimed. The expense of driving a car to and from work is NOT deductible.

PERSONAL USE. If you plan to itemize your deductions on the long form (Form 1040) you may claim:

- License tags and annual car registration fees.
- State gasoline taxes.
- State or local taxes on the total purchase price of a car bought during 1958. Federal excise taxes on new cars are NOT deductible.
- Interest on auto loans. If you are financing your car on the installment plan, you may deduct the interest portion on your contract.
- Casualty and theft losses not compensated for by insurance. You may claim any loss resulting from an accident not caused by your willful negligence. Car damage from fire, lightning, storms, hail or flood also is deductible.

But remember, tax or no tax, your biggest saving comes from driving safely.

GOULD ACADEMY

SENIOR PLAY

The Gould Academy senior play, selected and directed by Mr. Thompson, is entitled "Nuts in May," a comedy in three acts and four scenes by the famous actress and writer of humorous essays, Cornelia Otis Skinner.

It deals with the complications arising when Miss Skinner is about to open in a new play on Broadway, when her son invites two separate girl friends to the opening, mistakenly thinking one won't appear, and when Miss Skinner's apartment is invaded by a technical crew and a female Ed Murrow intent on interviewing her for "Person to Person" on a network hook-up. In an interview she had promised three weeks ago but which she had forgotten all about.

The cast includes several veterans of previous one act plays and is evenly divided between town and dormitory students. They are as follows: Laurel Macpherson, Saudi Arabia; Linwood Small, Raymond; Steve Yeaton, Skowhegan; Lee Ann Grover, Bethel; Pat Philbrook, Mattineus; Greg Shapiro, Bliddeford; Marjorie Morton, Newry; Jane Greig, Bethel; Pat Jackson, Bethel; Sue Appleton, Gorham, N. H.; Betsey Chapman, Bethel; Gail Corah, Bethel; Mark Freeman, Bethel; Larry Cummings, Bethel; Jewel Bean, Bethel.

A tentative date of Friday, May 8th, has been set for production. Various committees for tickets, set, props, ushers, etc., have been appointed and will be announced later.

Club Concert given last Friday evening March 13 was a well-presented program. The following students at the Academy took part:

Donald Christie, Royden Ward, Mary Jo Head, Michael Hathaway, Susan Hathaway, Margery Dallinger, James Weston, Kirk Newcom, James Bennett, Linwood Small, and Louise Kennedy. Ruth Willard announced each performance. The musical program was under the direction of James Owen, programs by Miss Verna Swift, and the ushers were Ann Carter, Cheryl Douglas and Nancy Cole. After the program ended the newly organized dance band played for general dancing. The band deserves a high note of praise as they played exceptionally well—a credit to the music program.

AN INFORMAL TALK
Mrs. Pearl Anshy Tibbets entertained women faculty members and girls dormitory students Sunday evening with a few anecdotes taken from early Bethel history dealing particularly with the last Indian raid in Maine which took place here in Bethel and Shelburne, N. H., on August 3, 1781.

SPRING VACATION
Friday noon, March 20, the Academy will close for Spring vacation, opening again for classes on Tuesday, March 31.

SOPHOMORE SLEEP-OVER
Friday night, March 13, eight sophomore home economics day students at the Academy spent the night in the home economics cottage. They cooked their own breakfast Saturday morning, and went home around 11 a. m. Miss Gwen Hughes, a practice teacher in Home Economics from the University of Maine, and Miss Mary Whitney were the chaperones. The girls were Donna Rice, Dixie Lee Brown, Melvina Learned, Cynthia Turris, Louise Lincoln, Tamara Joyce, Virginia Mason, and Marjane Brown. A good time was had by all.

SKILLINGTON

Mr. and Mrs. Chester French, Norway, were Sunday guests of Mr. and Mrs. Herbert Tift.

Good Printing SERVES EVERYBODY
Good printing is a necessity in all forms of business. It can save hours of work, speed up routine tasks, eliminate common errors and help to avoid misunderstandings and costly delays or actual loss of business revenue.

Good printing is a convenience in the home. Inexpensive personal stationery is not only economical and in good taste but it is plain "good business" when used for other than social purposes. One's name and address plainly printed offer exact information of your identity in occasional correspondence.

The latest in modern business forms can be adapted to use in

BETHEL SCHOOL NEWS

Grade 6 Miss Varner

We got a gold seal in Writing.—In Science we are studying about pulleys and how they work.—We are learning about verbs in English.—Louann Brown made a Crystal Garden that grew to be very pretty.—We thank the P.T.A. for the new boxes of Maine State Library Books.

Grade 6 Mrs. D. Lord

We have just started studying Mexico.—We made progress charts this week for Spelling. Some of them look fine.—Friday, due to the storm, some buses came early and the remaining few made geometric designs.—Many excellent book reports are on the bulletin board.—St. Patrick's Day was well represented in our room, with nearly everyone enjoying "The Wearing of the Green." For English, each wrote a short play entitled, "The Leprechaun's Treasures."—Reporters, Linda Lowell, Jacklyn Crouse.

On Friday there were eight children absent at school. Edwin Sloan missed a week of school last week. Jack McMullin and John Poland have not missed a day of school this year. Allen Walker and Mike Tibbets have missed a half a day of school this year. On Friday Linda Poss and Renee Ros-

enberger had Friday Activity Rencoe was absent so Victoria Robertson helped Linda. We had a news broadcast and Bobby Saunders was the Announcer. In Social Studies we are studying about the Making of Our Country. Reporters, Brenda Sweetser and Victoria Robertson.

Grade 7 Mrs. E. Lord

In Science we have been talking about what things are made of. Molecules and atoms are our main topic. Tuesday we all made oral reports. We also learned 20 of the 102 elements and their symbols. We are starting a bulletin board display on these things.—We all are trying our best to do the printing Miss O'Connor asks us to do. It is hard because we have been writing so long. We got a gold seal from her for this month. Social studies are very interesting while we are studying the countries of Europe.—Most of us enjoyed the dance Friday night the 8th grade had. We would like to thank them.—Reporter, Cynthia Freeman.
